

SIBSHOPS™ are best described as opportunities for brothers and sisters of children with special health and developmental needs to obtain peer support within a recreational context.

SIBSHOPS™ acknowledge that being the brother or sister of a person with special needs is for some a good thing, others a not-so good thing, and for many somewhere in between. They reflect a belief that brothers and sisters have much to offer one another -- if they are given a chance.

The **SIBSHOPS™** model intersperses information and discussion activities with new games (designed to be unique, off-beat, and appealing to a wide ability range). The activities are often a combination of crafts, gross motor fun, silly, zany games, and snack time.

Millennium Children's Therapy facilitates **SIBSHOPS™** events and is proudly supported by Sachem SEPTA. Faith Katzman, a pediatric Speech Pathologist and Sibling, and Elyse Pimsler, a pediatric Occupational therapist, facilitate the growing group in its Fourth year at Sachem.
