

Hello Sachem Families,

Welcome to Sachem SEPTA!

Who we are...

Sachem SEPTA (Special Education PTA) is a district-wide organization that was designed to build strong partnerships amongst parents, teachers, administration, existing PTA's and the community.

Our hope is that children receiving special education services will be better understood, integrated and embraced by our schools and community.

Does your child have an IEP or a 504 Plan? SEPTA members have children that receive support services in a variety of educational environments!

What SEPTA can do for you?

- Guest speaker at every meeting.
- Great way to meet other parents in our community.
- Provides an excellent forum to seek out information and clarification from Sachem administrators and faculty members.
